[redacted] Delivered to William Darden a blind memorandum prepared by DCI in response to a request from Senator Russell for our comments on a Cuban Revolutionary Council letter reporting developments in Cuba. While I waited in his office, Mr. Darden showed our memo to Senator Russell who said it was just what he wanted and asked that Darden retain it. I also took this opportunity to query Darden regarding our desire for a meeting with the CIA Subcommittee next week. Darden took this up with the Chairman who agreed to call a meeting at 10:00 A.M. on Tuesday. This date and time have been confirmed with Darden.
